IMPORTANT MESSAGE

Prior to this year, there was different terminology used for roadway surface types between our roadway inventory system, the pavement management system and FHWA. This year, we consolidated those lists and terms to eliminate all the differences that we could. As a result, you will see some different data in the tables of this book that include roadway surface types. The biggest difference is that all untreated surfaces have been combined into "Unpaved".

The Roadway Inventory Management group is continually working to update VDOT's road inventory and make any necessary corrections to inventory data. Please contact Brack Dunn at brack.dunn@vdot.virginia.gov if you notice any corrections that need to be made to this document or if you have any questions or need to know more details about the data contained within this book. Thank you.
