Find out about plans to widen Fairfax County Parkway (Route 286) from four to six lanes between Route 29 (Lee Highway) and Route 123 (Ox Road). The proposed project design also includes an interchange at Popes Head Road and the future Shirley Gate Road extension, improvements to the existing trail in the Fairfax County Parkway right of way and construction of a new shared-use path to make the trail continuous within the project limits. This project will also involve the modification of limited access control along the Fairfax County Parkway and the establishment of limited access control for the proposed Popes Head Road interchange and its ramps, which will replace the existing at-grade signalized intersection.

In compliance with the National Environmental Policy Act (NEPA) and 23 CFR Parts 771 and 772, an environmental document in the form of an Environmental Assessment (EA) (which includes a Preliminary Noise Analysis) was prepared and approved by the Federal Highway Administration (FHWA) for public availability. Pursuant to the National Historic Preservation Act, Section 106 and 36 CFR 800, information concerning the potential effects of the proposed improvements on historic properties is also included in the EA. In accordance with 23 CFR 774, notice is given of the FHWA's intent to issue Section 4(f) *de minimis* impact findings with respect to the project's use of Patriot and Popes Head Parks.

Stop by between 6:30 p.m. and 8:30 p.m. to view displays and learn more about the project and its preliminary design. VDOT will hold a presentation beginning at 7 p.m. Project staff will be available to answer your questions.
