Attachment 2a-2022 and 2b-2022	Costs by Phase (2022)
Attachment 3a-2022 and 3b-2022	Summary of Funding by Source (2022)
Attachment 4a-2022 and 4b-2022	Cash Flow Analysis (2022)

EXECUTIVE SUMMARY

The US Route 121 (Coalfields Expressway) is comprised of five sections that are currently unfunded.

The US Route 460 (Corridor Q) project is comprised of six sections. The 460 Connector Phase I section construction was completed in 2015, Right of Way is still ongoing. The 460 Connector Phase II, 121-Corridor Q Intersection, Hawks Nest, and Poplar Creek Phase A projects are funded and are under construction with the following schedules:

460 Connector Phase II

- Rough Grade Road Construction completed 2020. The time extension has been approved due to Right of Way Issues (Condemnations).
- Paved Road (2-lane) Construction began in Spring 2022.
- 121-Corridor Q Intersection
 - Rough Grade Construction completed 2020. There are ongoing Right of Way Issues.

• Paved Road (2-lane) - Began Fall 2021. Anticipated completion date Spring 2024. Hawks Nest

- Rough Grade Construction completed 2012.
- Paved Road (2-lane) Began Fall 2021. Anticipated completion date Spring 2024. Poplar Creek Phase A
 - Rough Grade and Paved Road (2-lane) Construction start date August 2019; anticipated completion date Winter 2024.

References to Poplar Creek Phase B have been made since the project has its own independent Financial Plan.

1. **PROJECT DESCRIPTION**

The US Route 121 (Coalfields Expressway) and US Route 460 (Corridor Q) corridors are both regional transportation initiatives. The Project Map (Figure 1) below shows the alignment of both corridors. US Route 121 shares 6.6 miles of the US Route 460 alignment as shown on the map. Both routes have a shared purpose and need of regional connectivity, safety, and economic development.

US Route 121

US Route 121 is a planned, multi-state, limited access facility on new alignment. This corridor will provide a modern, safe and efficient highway through the Coalfields region of southwestern Virginia and is also expected to be an economic lifeline for a region experiencing high unemployment and a declining population.

US Route 121 extends from Pound, Virginia, 116 miles northeast to connect with I-77/I-64 in Beckley, West Virginia. As proposed, Virginia's portion of Route 121 extends approximately 50 miles through southwestern Virginia in Wise, Dickenson, and Buchanan counties. A portion of Corridor Q shares its alignment with Route 121 (121/460 Intersection, Hawks Nest and Poplar Creek).

Figure 1 – Project Map

This corridor is divided into multiple sections for environmental study under National Environmental Policy Act (NEPA) and construction. There are eight (8) construction segments along the US Route 121 alignment within the five (5) NEPA Environmental Study Sections. Figure 2 below depicts the NEPA Environmental Study Sections that were determined in coordination with FHWA. Three (3) of the construction sections share their alignment with Route 460 and are included in the US Route 460 section of this report.

US Route 121 (Coalfields Expressway) & US Route 460 (Corridor Q) Projects Financial Plan (Annual Update) November 30, 2022

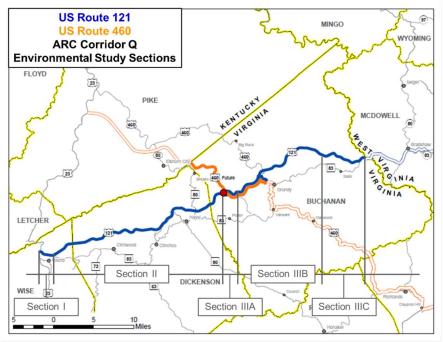

Figure 2 – Environmental Study Sections

Table 1 on the following page provides a list of all projects, UPCs, State Project Numbers, and the NEPA Section and Status for each US Route 121 project.

Project Section	UPC	State Project No.	Length (miles)	NEPA Section	NEPA Status
	100519	0121-097-830, B651, B652, B653, C501, P101, R201		NEPA	 January 8, 2009, Reevaluation completed and signed by FHWA. Located between Route 23 and Route 83 (connection at old high school.)
Pound Connector	86416	0121-097-787, P101	7.1	Section I & II	 Pound Phase II: Draft SEIS for NEPA Section II approved by FHWA on 06/06/2016 and will be provided for public comment once funding is
	100583	0121-097-831, C501, P101			available.
Cranes Nest	102702	0121-025-761, P101	15.7		 June 13, 2012, Environmental Assessment (EA) published/public
	100521	0121-013-845, C501, P101, R201		NEPA	 hearings held. May 22, 2014, FHWA requires Supplemental Environmental Impact
Doe Branch	100467	0121-013-843, P101	5.0	Section II	Statement. Draft SEIS for NEPA Section II approved by FHWA June 6, 2016 and
	100550	0121-013-847			will be provided for public comment once funding is available.
Elkins	n/a	n/a	10.9	NEPA Section IIIB	 Includes Elkins and Poplar Creek Sections September 23, 2014 – Public Hearing for Environmental Studies Document Feb. 18, 2015 – CTB approved location of the Modified F1 Alignment for the Corridor Q section only (Poplar Creek). July 20, 2015 – FHWA concurred that a Supplemental Environmental Impact Statement (SEIS) was not necessary for the Modified F1 Alignment for the Poplar Creek Section. April 19, 2017 - NEPA reevaluation completed for Phase A to address change in scope to construct culvert in place of bridge. Additional NEPA documentation will be required prior to design.
Rockhouse	90280	0121-013-791, P101	5.2	NEPA Section IIIC	 Reevaluation completed and signed by FHWA October 29, 2008. Located between State Route 643 and the West Virginia State line. Additional NEPA documentation will be required prior to design.
RTE 121-VDOT Alpha/Pioneer Oversight (FEDERAL)	85126	0121-013-101, B601, B602, B603, B604, B605, P101	57.0	n/a	• This UPC is for preliminary engineering, NEPA, and VDOT oversight only.

Table 1 – US Route 121

Additional information on the US Route 121 project can be found on VDOT's public website at:

<u>https://www.virginiadot.org/projects/bristol/route_121.asp</u>

US Route 460

Corridor Q, designated U.S. Route 460, of the Appalachian Development Highway System (ADHS) is located in Virginia and Kentucky. Virginia's portion of Corridor Q extends 127.5 miles northeast from the VA-KY state line near the Breaks Interstate Park to I-81 near Christiansburg, Virginia. Figure 3 below shows the Grassy Creek Bridge at the Kentucky State Line (Route 460 Connector Phase I).

There are approximately 13 miles of uncompleted Corridor Q in Virginia, as one mile was recently completed with the Route 460 Connector Phase I project. NEPA evaluation has been divided into six (6) construction sections. All sections are eligible for federal funding thru the Appalachian Regional Commission's (ARC) Appalachian Development Highway System (ADHS) and are funded in the FY2023-2028 SYIP adopted by the CTB June 21, 2022, as amended, and will remain in effect through June 21, 2023, or until such time as a new SYIP is adopted. The last 1.6 miles (Poplar Creek Phase B) has an independent financial plan.

Table 2 on the following page provides a list of all projects, UPCs, State Project Numbers, and the NEPA Section and Status for US Route 460. (Poplar Creek Phase B is shown in the table below but has its own independent financial plan and is for reference only.)

Figure 3 – Creek Bridge at KY State Line (Route 460 Connector Phase I)

US Route 121 (Coalfields Expressway) & US Route 460 (Corridor Q) Projects Financial Plan (Annual Update) November 30, 2022

Project Section	UPC	State Project No.	Length (miles)	NEPA Section	NEPA Status
Route 460 Connector Phase I	85914	0460-013-773, B628, B629, B630, B633, C501, R201	0.8	n/a	 FHWA issued a FONSI in January 1999 for the Kentucky Route 460 Relocation project which included an approximate 1-mile section of Route 460 in Virginia. In July 2001, a draft Environmental Assessment was approved by FHWA for the Route 460 Connector project from Route 631 to the Coalfields Expressway. In March 2002, FHWA issued a FONSI for the Route 460 Connector project. In 2007 VDOT prepared a written reevaluation of both Environmental Assessments necessitated by changes in the location and design of the Route 460 Connector Phase I project. The re-evaluation found no significant environmental impacts and additional NEPA documentation was not warranted. FHWA concurred with findings on November
	64144	0460-013-120, B621, B622, B625, B626, P101			 5, 2007. On September 9, 2010, VDOT prepared a written reevaluation to address changes that had occurred subsequent to the 2007 reevaluation. FHWA concurred no additional NEPA documentation was needed on September 24, 2010.
Den la 460 General de Directo	100707	0460-013-849, C501, P101, R201			 Environmental Assessment was completed and FHWA issued a FONSI for the Route 460
Route 460 Connector Phase II	88140	0460-013-781, P101	6.2		Connector Phase II including the Route 121/460 intersection at Hawks Nest on January 26, 2010.
	100708	0460-013-848, C501, P101		n/a	 October 31, 2014 – FHWA concurred with the written reevaluation. (Phase II) August 28, 2018 – FHWA concurred with the written reevaluation (Intersection) for
Route 121/460 Intersection	100520	0460-013-846, C501, P101, R201	0.57		 August 23, 2018 – FNWA concurred with the Written reevaluation (intersection) for design impacts outside the approved NEPA September 12, 2019 – FHWA concurred that no further NEPA studies are necessary for paving Phase II and the lintersection
	100468	0460-013-844, P101			
	90076	0121-013-787, C501, P101			 Written reevaluation completed and signed by FHWA on March 26, 2008. August 16, 2011 – VDOT in cooperation with FHWA prepared a "project update" to evaluate the donation of additional right-of-way to VDOT from Alpha.
Hawks Nest	90096	0121-013-788, C501, P101	2.0	NEPA Section IIIA	 March 2, 2016 – VDOT prepared a written reevaluation for the acquisition of Hawks Nest Parcel 011. FHWA concurred the previous NEPA decision documents remained valid on March 4, 2016. Located between the 121/460 intersection and State Route 614. FHWA concurred with a Categorical Exclusion on October 28, 2020, to support the paving project
Poplar Creek	90282	0121-013-793, C501, P101, P102, R201	2.9		 Includes Elkins and Poplar Creek Sections. September 23, 2014 – Public Hearing for Environmental Studies Document. Feb. 18, 2015 – CTB approved location of the Modified F1 Alignment for the 4.1-mile IIIB/ Corridor Q section only (Poplar Creek Phase A and B).
Phase A	104094	0121-013-902, C501, P101, R201		NEPA	 July 20, 2015 – FHWA concurred that a SEIS was not necessary for the Modified F1 Alignment for the 4.1-mile IIIB/ Corridor Q section only Poplar Creek Section (A and B).
Poplar Creek Phase B	TBD		1.6	Section IIIB Corridor Q Overlap	 April 17, 2017 – NEPA reevaluation for design modifications to Poplar Creek Phase A submitted to FHWA April 19, 2017 - FHWA concurs with the reevaluation that a SEIS is not warranted for the Poplar Creek Phase A section Feb 7, 2017 – Public Hearing to present information on proposed changes to Poplar Creek Phase A since it was last presented to the public on September 23, 2014 June 27, 2017 – Design Public Hearing (Poplar Creek Section Phase A). September 22, 2021 – FHWA concurred with the Environmental Assessment by issuing a FONSI on October 25, 2021.

Table 2 – US Route 460

Additional information on the US Route 460 projects can be found on VDOT's public website at:

2. SCHEDULE

US Route 121

The program schedule for the Initial Finance Plan completed in 2006 is shown in Table 3 below.

U	•	
Activity	Initial Start Date	Initial Completion
		Date
Preliminary Development Activities	October 2006	June 2007
VDOT Evaluation	July 2007	August 2007
Agreement Development & Execution	September 2007	December 2007
Final Design & Construction	July 2008	December 2022

Table 3 - US Route 121 Program Schedule (Initial Finance Plan)

The proposed schedules for five (5) US Route 121 projects are contingent upon SMART SCALE prioritization, with the remaining three (3) already funded under the dually designated portions of Corridor Q. Due to the reduction in funding these five (5) projects have been closed unless they are dual purpose sections.

Preliminary engineering work continues for the NEPA process, and the preliminary engineering design work has been completed for Pound Connector and Doe Branch. Cranes Nest, Elkins and Rockhouse are in the Conceptual Design Stage. All parcels were acquired for the Hawks Nest section under the Alpha bankruptcy through settlement, negotiation, or donation.

The program schedule for this Annual Update is included as **Attachment 1a-2022**. Project specific NEPA work was completed under UPC 85126 which is for Admin of Route 121. There are UPCs set up for all, but one of the five projects and PE design has taken place on two of them. NEPA Section II the Draft SEIS documentation was approved by FHWA on June 6, 2016, enabling to projects to be eligible for SMART SCALE funding.

US Route 460

The program schedule for the Initial Finance Plan completed in 2006 is shown in Table 4 below.

Activity	Initial Start Date	Initial Completion Date
Preliminary Development Activities	October 2006	June 2007
VDOT Evaluation	July 2007	August 2007
Agreement Development & Execution	September 2007	December 2007
Final Design & Construction	July 2008	December 2012

Table 4 - US Route 460 Program Schedule (Initial Finance Plan)
--

There are five (5) project sections associated with US Route 460 outlined in this financial plan now that the Poplar Creek Phase B has an independent financial plan.

- US Route 460 Connector Phase I has been completed. Right of Way will continue until all the condemnations are complete. It is now open to traffic.
- US Route 460 Connector Phase II Rough Grade construction was completed. The contract is being kept open to finalize Right of Way. Paving contract began spring 2022.
- US Route 121/460 Intersection project will connect Route 460 with Route 121. Construction was completed in 2020. Paving contract began in fall 2021 including Hawk's Nest Project.
- The Poplar Creek Phase A design-build contract was signed on July 6, 2016. NEPA reevaluation was completed April 19, 2017, for Phase A to address change in scope to construct culvert in place of bridge. Construction began in August 2019 with completion anticipated winter 2024.
- The Hawks Nest Section has been constructed to rough grade. All property has been acquired for Hawks Nest either through property negotiations, settlements, or donations. Paving contract began fall 2021 to include 121-460 Intersection project and will be completed in the Fall of 2023.

The program schedule for this Annual Update is shown in **Attachment 1b-2022**. The schedules for this program will be updated on an annual basis.

3. PROJECT COST

INITIAL FINANCE PLAN

The Initial Finance Plan combined two transportation initiatives. Table 5 below is the project costs included in the Initial Finance Plan.

Table 5a - Project Cost Estimate (Initial Finance Plan)

State Project Number	Engineering	Right of Way	Utilities	Construction	Total
Coalfields Expressway 0121-013- 101 UPCs 64726, 64145, 14810, 80666	\$149,291,779	\$60,000,000	\$5,900,000	\$2,284,808,221	\$2,500,000,000
Route 460 Corridor Q	\$14,756,000	\$11,036,100	\$84,000	\$215,784,000	\$241,660,100

2022 ANNUAL UPDATE

The Coalfield Expressway original projects are on hold except for Hawk Nests paving and Poplar Creek Phase A. The amount remaining is for the general oversight to be used for the overlapping sections of 121 and 460. The worksheet reflects the amount shown on the data date of August 31, 2022. The current total cost to complete estimate of the remaining Route 460, Corridor Q is \$88,122,620 including the overlapping sections with Route 121.

The cost-to-complete estimates developed for the 121/460 program uses the most recent and detailed information available to develop costs for the design, construction management, and administration of each route of the program. These estimates include all costs necessary to perform the preliminary engineering, right-of-way, environmental mitigation, construction, project management, public outreach and costs of external third-party work such as utility.

The cost data has been normalized to reflect 2023 costs as the basis for the estimate in accordance with VDOT's policy. The 2020 Annual Update Project Costs for Route 121 and Route 460 are included as **Attachment 2a-2022** Six Year Improvement Program **Attachment 2b-2022** respectively.

4. **PROJECT FUNDS**

US Route 121

The following projects are listed in the FY 23-28 Six Year Improvement Program.

- Route 121 VDOT General Oversight (UPC 85126)
- Pound Connector VDOT Oversight (UPC 864Y16)
- Pound Connector (UPC 100519)

A Summary of Project Funding by Source is included in **Attachment 3a-2022** for each of the US Route 121 projects and associated UPC.

US Route 460

The following projects are listed in the FY 23-28 Six Year Improvement Program:

- Route 460 Connector Phase I VDOT Oversight (UPC 64144)
- Route 460 Connector Phase I Design-Build (UPC 85914)
- Route 460 Connector Phase II VDOT Oversight (UPC 88140)
- Route 460 Connector Phase II Rough Grade Design-Build (UPC 100707)
- Route 121/460 Finish Grade (UPC 100708)
- Route 121/Corridor Q Intersection VDOT Oversight (UPC 100468)
- Route 121/Corridor Q Intersection Rough Grade Design-Build (UPC 100520)
- Hawks Nest VDOT Oversight (UPC 90096)
- Poplar Creek Phase A Design-Build (UPC 90282)
- Poplar Creek Phase A VDOT Oversight (UPC 104094)
- 121/460 Corridor Q Intersection/Hawk's Nest Finish Grade (UPC 117807)
- CFX 121/460 Corridor Q Intersection/Hawk's Nest Oversight (UPC 117789)

The table below demonstrates federal authorizations associated with this Financial Plan.

Project Federal Authorization Summary as of August 31, 2022													
Federal Project	UPC	IPC Phase Total Cost I		Federal Funds	Advance Construction	Status in FMIS

A Summary of Project Funding by Source for FY23-28 is included in **Attachment 3b-2022** for each of the US Route 460 projects and associated UPC.

5. **FINANCING ISSUES**

US Route 121

There are no financing Issues.

US Route 460

There are no financing Issues.

6. CASH FLOW

US Route 121

Cash flow analysis for US Route 121 is included in **Attachment 4a-2022** and reflects the final estimate.

US Route 460

The Route 121/460 Intersection (UPCs 100520, 100468) construction has been completed to rough grade. Paving began in fall 2021 this includes the Hawks Nest section (UPCs: 117789 and 117807).

Cash flow analysis for US Route 460 is included in **Attachment 4b**-2022 and reflects the final estimate.

7. P3 ASSESSMENT

The Comprehensive Agreement (CA) was executed on January 11, 2002, between KBR and the Department for the design, construction and maintenance of US Route 121. Negotiations to amend and restate the CA to incorporate the Coal Synergy approach were ongoing with Bizzack and Alpha until Alpha filed Chapter 11 Bankruptcy. However, on August 3, 2015, the Bankruptcy Court approved a purchase agreement for Contura Energy to purchase Alpha on June 7, 2016, which included Contura assuming the roles and responsibilities of Alpha under the CA. VDOT has been in close coordination with Contura regarding the Assumption by Contura of the CA. The Amended and Restated Comprehensive Agreement (ARCA) was executed on May 1, 2017. All remaining US Route 121 projects (three are dually designated US Route 460 Projects) will be developed under the ARCA using Coal Synergy to reduce the construction costs.

The ARCA executed on May 1, 2017, will provide for the following benefits:

- 1. Assures no Liability for the Department– Provides no obligatory requirements to enter into any contract.
 - a. Provides VDOT right to develop a Project Section with own personnel/separate contractor.
 - b. Provides Department the right to terminate for convenience at no cost to Department.

- 2. **Provides Contract Templates-** Provides models for phased development to facilitate future funding of Project Sections:
 - a. Preliminary Design and Engineering Services Agreement ("PDESA")
 - b. Design Build Agreement (Rough Grade Roadbed)
 - c. Design Build Agreement (Paved Road)
- 3. Facilitates Completion of US Route 460 (Corridor Q) Provides procurement and contract template
 - a. 121/460 Intersection and Paving Hawks Nest Funded
- 4. Separates Contura and Bizzack Provides rights to develop and negotiate without other entity
 - a. Provides transfer of rights for project sections between Contura and Bizzack

8. RISK AND RESPONSE STRATEGIES

US Route 121

In 2013 Bizzack Construction LLC assumed the Rapoca's rights and responsibilities under the Assignment & Assumption Agreement. In addition, VDOT was in negotiations with Alpha and Bizzack to develop the Amended and Restated Comprehensive Agreement (ARCA) which would enable separate contract negotiations with each partner. Alpha filed Chapter 11 Bankruptcy August 3, 2015. The court approved a purchase agreement for Contura Energy to buy Alpha on June 7, 2016. VDOT has been in close coordination with Alpha and Contura regarding an Assumption by Contura of the CA. The ARCA was executed on May 1, 2017.

FHWA issued a determination on May 22, 2014, that a Supplemental Environmental Impact Statement is necessary for NEPA Section II impacting the Pound Connector, Cranes Nest and Doe Branch sections of US Route 121. The Route 121 Section II draft SEIS was signed on June 2016. The project was placed on hold due to funding constraints and has not advanced to public hearing or final approvals. The SEIS effort is not advancing until additional funding sources are identified.

As projects move forward and receive funding a Risk Assessment will be conducted.

US Route 460

Route 121/Corridor Q Intersection – Rough grade construction has been completed, and there are ongoing Right of Way items. Paving began in fall 2021 and includes the Hawk's Nest section.

9. ANNUAL UPDATE CYCLE

The submission date of the Initial Financial Plan was November 30, 2006. Annual updates will be submitted by November 30 of that year, with a "data as of" date of August 31 of that year.

10. SUMMARY OF COST CHANGES SINCE LAST YEAR'S FINANCIAL PLAN

US Route 121

Since the 2021 Annual Update Financial Plan, there have been no cost changes.

US Route 460

In comparing the 2022 Annual Update Costs with the prior 2021 Annual Update Costs, the following UPCs: 104094 and 90282 costs have been revised to align with expenditures as they approach completion.

11. COST AND FUNDING TRENDS SINCE INITIAL FINANCIAL PLAN

Advancement of the US Route 121 projects will be dependent upon selection through the VDOT's project selection and development processes. The initial and current cost for the Route 121 is \$2,500,000,000, which includes all sections of both Routes 121 and the overlapping sections of Route 460. However, the current total cost estimate for Coalfields Expressway (Route 121) is \$290,111,687, which reflects the cost estimates associated with the Route 121 sections and associated phases that are currently funded. The localities shall prepare requests for funding of individual sections through the SMART SCALE program, which includes both Routes 121 and the overlapping sections of Route 460. Poplar Creek Phase B was removed from this Financial Plan and has an independent plan.

12. SUMMARY OF SCHEDULE CHANGES SINCE LAST YEAR'S FINANCIAL PLAN

US Route 121

The proposed construction schedules for US Route 121 - no changes since last year's plan.

US Route 460

VDOT has developed a phased approach to the Poplar Creek project to provide a buildable section within the SYIP allocations.

- Phase II: Construction up to rough grade was completed in late 2020. There are still outstanding right of way issues. Final construction started on July 11, 2022 and will be complete in late 2023
- **Poplar Creek Phase A:** The design-build contract was signed on July 6, 2016. Construction began August 2019. The culvert has been produced and has been placed in the designated location.
- Intersection: The design-build contract was signed on November 1, 2017, for \$15.8 million. Construction began in March 2019 with and completed in late 2020 up to rough grade. The design-build contract was awarded on April 19, 2021. The rough grade construction has been completed; however, there is ongoing right of way items. Paving began in fall 2021.

13. SCHEDULE TRENDS SINCE INITIAL FINANCIAL PLAN

US Route 121

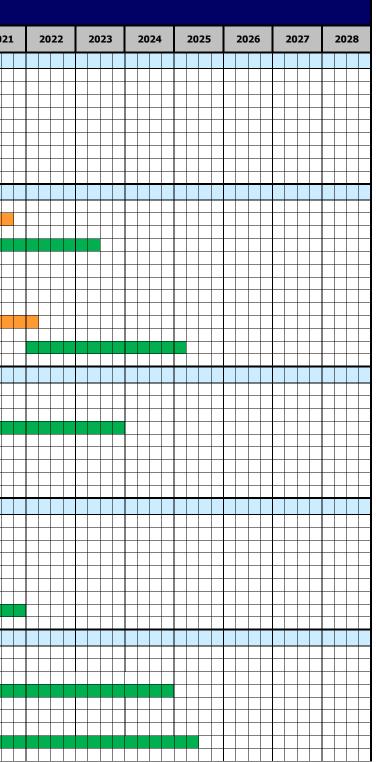

The construction phases of the projects have not started; therefore, there are no schedule trends at this time. Due to a reduction in funding these projects will be closed until funding becomes available. See US Route 460 for updates on US Route 121 overlap sections.

US Route 460

The ARCA negotiations are complete and a contract to pave the Intersection/Hawks Nest sections is in place. Paving for 460 Connector Phase II is not covered under the ARCA and has been procured as a Design Bid Build contract. Construction to rough grade for 460 Connector Phase II and the Intersection was completed in late 2020. Poplar Creek Phase A is under construction. Poplar Creek Phase B was removed from this Financial Plan and has an independent plan.
